2017-2018

- We relished in the **60th Anniversary** of legacy program of the JLPB and the return of Cotillion, now **Junior League of the Palm Beaches Cotillion Academy**. The program features an 8 month curriculum designed to help our next generation of leaders and philanthropists be successful in the boardroom as well as the ballroom. Through a partnership with Palm Beach Atlantic University, Cotillion Academy graduates participate in courses and earn a certificate, taught by the Dean of the MacArthur School of Leadership, Dr. Craig Domeck.
- Members experienced an unprecedented number and quality of education and training opportunities. From an intense, day long **media training** offered at our JLPB Headquarters by nationally renowned trainers, to hosting a series of content driven **General Membership Meetings** dedicated to **Leadership Development, Women and Mentorship and Women in Business**, our members truly benefited from unique member experiences that added value personally and professionally, in more ways than one. Finally the **Symposium on Human Trafficking**, convened record breaking membership numbers at the Pavilion in Downtown West Palm Beach, exposing the devastating prevalence and effects of this modern day epidemic, sadly prevalent in our county.

2017-2018

- We successfully implemented the final stages of the 2015-2018 Strategic Plan
- **Internal Mentorship** was designed and launched with the purpose of facilitating meaningful connections between our over 770 Junior League of the Palm Beaches members.
